

MEONCROSS SCHOOL

**SCHOLARSHIP APPLICATION BOOKLET
FOR ACADEMIC YEAR 2026-27**

SCHOLARSHIPS

Scholarships at Meoncross School

Scholarships are an opportunity to recognise, celebrate and reward excellence. Meoncross School offers a range of Scholarship opportunities for children with high academic ability, those who excel in Sport, have a talent for Art and Design or who are gifted in Performing Arts or Music.

A number of financial Scholarships will be offered to new and existing pupils in the academic year starting September 2026 and last for the remainder of the recipients' time at Meoncross School. Financial awards will be discounted on tuition fees (up to 25%). The continuation of any Scholarship is subject to the recipient meeting the academic and behavioural standards required of a scholar on an ongoing basis. All Scholarships are awarded at the discretion of the Head.

Applications are welcome from pupils entering into Years 5–10 in September 2026 (currently in Years 4–9).

Pupils cannot apply for multiple Scholarships at the same time.

The Importance of Scholarships

Scholarships are awarded to pupils who show outstanding talent within their chosen field. Awarding a Scholarship is our opportunity to publicly recognise the combination of talent and application. We are particularly interested in pupils who demonstrate outstanding skill, aptitude and passion in a particular field. In addition, we are also looking for pupils who intrinsically model our core values and who will have a wider impact on the life of the school.

At Meoncross, we want our scholars to feel proud of their title and position, and to act as ambassadors both within the school and outside in the wider community. Scholarship awards are made on continuing merit and are determined initially by the performance of the applicant in the relevant assessments and the supporting evidence supplied, (details herein) and thereafter on student attainment and adherence to the terms and conditions within the Scholarship.

In order to ensure our scholars remain fully committed, our Scholarship Co-ordinator will meet with each pupil on a regular basis, and provide ongoing support and evaluation, including an annual review meeting. The Scholarship Co-ordinator will also help to plan and organise pupils' participation in special school events, as well as organise enrichment opportunities for the scholars, including external trips and visiting speakers.

HONORARY SCHOLARSHIPS

Honorary Scholarships at Meoncross School

Honorary Scholarships are an opportunity to recognise, celebrate and reward excellence of our current pupils. Meoncross School offers a range of Scholarship opportunities for pupils with high academic ability, those who excel in Sport, have a talent for Art and Design or who are gifted in Performing Arts or Music.

The Meoncross Honorary Scholarship programme is designed to recognise high quality applicants entering Years 5 – 10 in the academic year 2026–2027 (currently in Years 4–9).

Although an Honorary Scholarship does not offer any financial award, becoming an Honorary Scholar still enables pupils to access the Scholarship programme of activities and enrichment opportunities. The benefits of becoming an Honorary Scholar, and joining the Scholarship programme, allows our most motivated and gifted pupils a chance to showcase their talents, deepen their current skills and talents, and explore new interests.

It is the school's decision whether an applicant is awarded a financial or honorary Scholarship. The Head's decision is final.

Honorary Scholarships are awarded to pupils as an acknowledgment of their commitment to a course of study and excellence within that subject. Awarding an Honorary Scholarship is our opportunity to publicly recognise the combination of talent and application.

At Meoncross, we want our all our Scholars to feel proud of their title and position, and to act as ambassadors both within the school and outside in the wider community. Honorary Scholarship awards are made on continuing merit and are determined initially by the performance of the applicant in the relevant assessments and the supporting evidence supplied, (details herein) and thereafter on student attainment and adherence to the terms and conditions within the Honorary Scholarship.
